

CrowdStrike Support Policy

1. **License Agreement.** This Support Policy (also known as the “M&S terms”) is subject to the End User License Agreement found here: <https://www.CrowdStrike.com/EULA> (the “EULA”) and describes the maintenance and support provided to Customers of the Licensed Software (“Licensees”). All capitalized terms used but not defined herein shall have the meaning provided in the EULA.
2. **Access to CrowdStrike.** CrowdStrike will provide Licensee with product support as described herein, subject to the obligations set forth herein, during Business Hours. Support requests may be initiated via CrowdStrike’s customer support portal (support.humio.com) or via email (support@humio.com). Support requests initiated by email will be categorized as priority Normal. Urgent or High priority requests must be created using the customer support portal.
3. **Updates and New Versions.** For so long as Licensee is timely in the performance of its obligations under the EULA and these M&S terms, and has paid directly or via a reseller to CrowdStrike the corresponding Licensed Software and M&S Fees, CrowdStrike shall provide Licensee with access to Updates (including Security Updates) and New Versions of the Licensed Software when and if made generally available to customers by CrowdStrike. Licensee shall use commercially reasonable efforts to install Updates (including Security Updates) and to Upgrade the Licensed Software as soon as reasonably practicable after CrowdStrike makes them available to Licensee. CrowdStrike may, in its sole discretion, provide automatic Updates and New Versions to the Licensed Software in Customer’s environment on an as available basis. Customer understands and agrees that CrowdStrike is not responsible for breaches of any warranty, or vulnerabilities or security flaws, in the Licensed Software if Customer blocks or prevents an automatic Security Update or fails to install or apply a Security Update.
4. **Request for Problem Resolution.** All requests by Licensee for Error resolution will be logged after which CrowdStrike will perform an initial diagnosis and determine as far as reasonably practical the source of any problem which may have led to the support request. CrowdStrike will respond to Errors according to the priority levels, and support levels specified in the table below. CrowdStrike will determine, in its sole discretion, the applicable priority and all response times shall commence at the beginning of the next business day for requests for problem resolution that are logged during non-business hours.

		Standard	Enterprise
Priority	Description	Response Times	
Urgent	The Service is entirely inaccessible, or unable to perform critical functions that has a serious impact on normal use.	4 hours (24x7)	1 hour (24x7)
High	The Service is operational but one or more important features is unavailable.	1 business day	4 hours (24x7)
Normal	All other scenarios where the Service is not functioning according to documented behavior.	2 business days	1 business day
Low	Questions about the general behavior of the Service or feature requests.	3 business days	2 business days
		Yearly Fee	
		Included in License	20% of the License Fee. \$20,000 minimum.

5. **Bug Fixing.** CrowdStrike will investigate incident reports concerning suspected problems with Licensed Software provided that (a) Licensee sends CrowdStrike a written report, which includes evidence of the suspected Error, and (b) the incident can be reproduced or reasonably confirmed by CrowdStrike. CrowdStrike will use commercially reasonable efforts to promptly correct the Error or provide a workaround to permit Licensee to use the Licensed Software substantially in conformance with the applicable Documentation. Should an Error not be resolved with a reasonable period given the severity of the Error or for bugs that require further investigation, the procedures set forth in Section 6 below shall be invoked to engage the appropriate resources.
6. **Escalation Procedures.** With regard to Errors submitted to Escalation Procedures, an action plan will be developed by the CrowdStrike support team and communicated to Licensee. When an escalated Error has been resolved, the request for assistance will be considered closed. An Error will not be considered resolved until one of the following activities has been completed:
 - (a) a resolution to the problem is obtained to Licensee's reasonable satisfaction;
 - (b) a computer software code change in the form of a patch or a new revision that corrects the Error without causing additional problems has been made available to Licensee;
 - (c) a workaround is made available to Licensee;
 - (d) an engineering commitment is made to correct the problem in a future release of the Licensed Software; or
 - (e) CrowdStrike determines there is no Error (i.e., the problem is not within CrowdStrike's control to correct).
7. **Excluded Services.** CrowdStrike shall not be obligated to fix any Error or problem:
 - (a) where the Licensed Software is not used for its intended purpose; or
 - (b) where the Licensed Software has been altered, damaged, modified or incorporated into other software in a manner not approved by CrowdStrike; or
 - (c) where the Licensed Software is a release that is no longer supported by CrowdStrike; or
 - (d) where the Error or problem is with respect to a Deprecated Version; or
 - (e) which is caused by Licensee's or a third party's software or equipment or by Licensee's negligence, abuse, misapplication, or use of the Licensed Software other than as specified in the Documentation; or
 - (a) which would be resolved by the Licensee using an available Update or New Version of the Licensed Software or by adding hardware.

If CrowdStrike determines that it has no obligation to fix the reported incident for one of the reasons stated above, the parties may enter into a separate agreement authorizing CrowdStrike to provide additional services at CrowdStrike's then-current professional services rates plus expenses.

8. **Term; Termination.** Subject to the terms and conditions set forth herein and the Agreement, and payment by Licensee of the corresponding Fees, M&S shall be provided to Licensee during the Term of the Order.

9. **Fees.** In consideration of CrowdStrike’s provision of M&S as set forth above, Licensee agrees to pay to CrowdStrike the applicable fees set forth in the corresponding Order, or at CrowdStrike’s then current rates for any additional products that may be ordered from time to time.
10. **End of Life Policy.** Licensee acknowledges that CrowdStrike may add, remove, or modify features and functionality based on market demand and technological innovation, including, but not limited to, offering the Licensed Software as a cloud service. Accordingly, CrowdStrike may, in its sole discretion, cease to provide new licenses of the Licensed Software or support existing licenses of the Licensed Software. CrowdStrike will use commercially reasonable efforts to provide Licensee at least twelve months written notice (such notice to be provided through CrowdStrike’s support portal or email) to Licensee prior to discontinuing Updates to the then current version of the Licensed Software.

11. **Definitions**

	US Support Region	EU Support Region
Business Hours	Monday through Friday 8:00 am – 8:00 pm EST/EDT	Monday through Friday 8:00 am – 5:00 pm CET/CEST
Designated Holidays	<ul style="list-style-type: none"> • New Year’s Day • Martin Luther King, Jr • Memorial Day • Independence Day • Labor Day • Columbus Day • Veteran’s Day • Thanksgiving Day • Day after Thanksgiving • Christmas Day 	<ul style="list-style-type: none"> • New Year’s Day • Maundy Thursday • Good Friday • Easter Monday • UK Early May Bank Holiday • DK Prayer Day • UK Spring Bank Holiday • DK Ascension Day • DK Constitution Day • DK Whit Monday • UK Summer Bank Holiday • Christmas Eve • Christmas Day • Boxing Day

- 11.1 “**Business Hours**” are Monday through Friday, excluding designated CrowdStrike company holidays, according to the applicable support region.
- 11.2 “**Deprecated Version**” means a Version of the Licensed Software that is no longer supported by CrowdStrike. A Deprecated Version is any Version of the Licensed Software: (i) other than the then-current and the two immediately prior Versions of the Licensed Software, as determined by CrowdStrike in its sole discretion.
- 11.3 “**Error**” means an incident that investigation reveals is caused by the Licensed Software’s failure to perform materially in accordance with the specifications set forth in the Documentation for such Licensed Software. An incident will not be classified as an Error if (a) the relevant Licensed Software is not used for its intended purpose; (b) the incident is caused by Licensee’s or a third party’s software or equipment (except to the extent CrowdStrike has incorporated or packaged such third party’s software or equipment in or with the Licensed Software); or (c) the version of the Licensed Software on which the Error has purportedly occurred is not the most current version of such Licensed Software made available to Licensee under this Agreement.
- 11.4 “**New Version**” means a release of a Licensed Software product or component thereof that implements a fundamental change in the software system philosophy and/or the software architecture, as determined by CrowdStrike in its sole discretion, typically identified by a change in the digit to the left of the decimal point of the product numbering convention (x.x) (e.g., Product 3.0 to Product 4.0).

- 11.5 “**Security Update**” is a type of Update that specifically corrects a security issue or mitigates a security vulnerability in the Licensed Software.
- 11.6 “**Update**” means a change to the current version of a Licensed Software product or a component thereof that does not constitute a New Version, as determined by CrowdStrike in its sole discretion. An Update may include, without limitation, bug fixes, enhancements to the capability of an already partially supported feature or changes in the number, type, and/or specification of the supported platform(s), and is typically identified by a change in the digit to the right of the decimal point of the product numbering convention (x.x) (e.g., Product 3.1 to Product 3.2).
- 11.7 “**Upgrade**” means a migration by an existing Licensee to a New Version.
- 11.8 “**Version**” means either an Update or a New Version.
